Members  
Road Engineering Association of Asia and Australasia

September 11, 2024

Dear all members,

Greetings from REAAA Korean Chapter.

As the Hwang Fund Committee chairperson, I am pleased to announce an extension for the nomination period for the Hwang Award 2025.

To ensure that all deserving candidates have the opportunity to be considered and to allow more time for thoughtful nominations, we have extended the nomination deadline to **December 31, 2024**. We believe that this extension will provide ample time for members to put forward nominations that truly reflect the remarkable contributions of their peers.

We encourage all Governing Council members and other members to take advantage of this extended period to nominate deserving candidates and ensure that the award's impact continues to be significant.

For more details and the nomination form, please refer to the attached documents. If you have any questions or require further information, do not hesitate to contact our chapter at Mr. Jay Park ([kirc@kroad.or.kr](mailto:kirc@kroad.or.kr)).

Thank you for your continued support and dedication.

Yours Sincerely,

**Jong Gon, Park**  
Chairperson  
Hwang Fund Committee
